An Invitation from LWV of Somers

**Informational Meeting on Hydrofracturing:
December 12th at 10:15 am
Somers Public Library**

The Somers LWV is having an information meeting about hydrofracturing, and its relation to the long held state LWV support of the Clean Water and Clean Air Acts.

The Somers League will show a 30 minute documentary of several Colorado citizens telling people in another state where there had not been fracking what they had experienced, and what are possible consequences. A PhD who studied health impacts of the chemicals is especially compelling. The Somers League will present considerations of the need for energy, some of our personal conclusions, and will offer discussion time. The meeting will end by 11:45AM.

Directions: Go on #100 1 mile north of #35, right on #139, and about 3 miles to Library on the right.
